## LET'S GET STARTED!

- Fill out the form on our Contact page with details about your project and the type of editing or manuscript services interest you.
- I will ask for a copy of the manuscript via Word Doc and get back to you with a quote for my editing services as well as an expected completion time-frame. If you need it done before that date, we do offer rush services for an additional fee.
- If the fee is acceptable, I will send you an invoice for 50% of the balance if it is over \$100.00. Amounts under \$100.00 will be invoiced in full.
- Once the deposit is received, I will edit and critique your project. This process may take up to two-four weeks depending on the size of the project, as provided with your quote.
- When finished with my edits, I will email you the status of the work and invoice you for the final amount, if needed.
- Once payment is complete, I will send the edited project with notes. Track Changes will be used within the document.
- Go show the world what they're missing!

Note: all services other than a Plotting & Planning session will receive a quote based on word count:  
**1 page = 250 words**
